15 – 18 June | Birmingham NEC

## Show Gardens at BBC Gardeners' World Live 2017

BBC Gardeners' World Live presents a number of Show Gardens every year. In 2017 the Show welcomes gardens from **Wyevale Garden Centres**, **Tesco**, the **Multiple Sclerosis Society** and more – all in addition to the five APL Avenue Show Gardens, up to twelve Beautiful Borders and two feature gardens celebrating fifty years of BBC2's *Gardeners' World*, Paul Stone's *The Nostalgia Garden* and *The Anniversary Garden* by Professor David Stevens.

### Wyevale Garden Centre's Show Garden

Designed by Claudia de Yong Designs

Claudia de Yong's design creates a unique space which evokes scent, romantic creativity and elements that can be recreated at home.

Show visitors are invited to walk through, to experience the garden up close and take home inspiration for their own gardens.

Visitors will also be able to see Wyevale Garden Centres experts on their sponsored stage, the BBC Gardeners' World Live Theatre, have a coffee with in their café or browse the Wyevale Garden Centre shop for garden retail therapy.

### The Tesco 'Every Little Helps' Garden

Designed by Owen Morgan, Mosaic Gardens

Tesco, in partnership with their supplier Intergreen and award winning garden designer Owen Morgan, present a garden inspired by small spaces. This is an interactive garden which will offer lots of little helps and inspire you to grow flowers and vegetables in small spaces and containers.

Owen Morgan, Mosaic Gardens, has designed a number of Show Gardens at BBC Gardeners' World Live, most recently the '*Health for Life Community Garden*' which won a Gold Medal and Best In Show at BBC Gardeners' World Live 2016.

# The MS Society 'Journey To Hope' Garden

Designed and built by Derby College

The Journey to Hope Garden holds no punches in its design, which represents the journey of those as they come to terms with MS diagnosis and its life changing effects.

The central bridge represents the often-devastating point of diagnosis, but the structure of the bridge shows the often-hidden support of many who help MS sufferers through this stage. The planting after the bridge of spiky plants, represent the intense pain of MS sufferers. The pod is a biophilia retreat where a circle of support can meet to heal and re-energise. A soft lining of bunge moss, seating to view the journey and curtain waterfall aid reflection and mindfulness.

## Serenity

Designed by Andy Tudbury, Halcyon Days Garden Design

In today's high speed world, we all need a place to relax and unwind. This garden provides such a place, the calmness of the planting, the ripples on the pool all bring a feeling of serenity while relaxing on the patio area.

It's a garden to bring a feeling of peacefulness, as you leave the worries of the day behind and absorb the spirit of the garden.

## GreenThumb's 'With a Twist' Garden

Feature garden designed by Pip Probert

GreenThumb, the UK's largest lawn care specialist, will be returning to BBC Gardeners' World Live with another stunning feature stand. The design for 2017 has been developed in collaboration with renowned garden designer Pip Probert whose creations are guaranteed to deliver the 'WOW' factor.

## VegTrug Grow Your Own Stage

Visitors can take inspiration from the Show Gardens and learn how to grow tasty ingredients in even the smallest of places. The VegTrug Grow Your Own Stage is hosted by BBC Radio 4 Gardeners' Question Time expert Matt Biggs with guests including; The Skinny Jean Gardener, Frances Tophill and Rob Smith.
