

Success for Oxfordshire based APL Member Pro Gardens

In association with the 'APL Avenue' Show Garden Competition at
BBC Gardeners' World Live, 15-18 June, NEC Birmingham

Pro Gardens, based in Oxfordshire, have been announced as one of the APL Avenue Show Garden Competition winners who'll go forward to build their design at BBC Gardeners' World Live, sponsored by Lexus.

The five **APL Avenue** Show Gardens, with small front or back garden theme, are inspirational, realistic and relatable (a mantra for BBC Gardeners' World Live) and are well worth visiting to find ideas for your own garden.

Adam Frost, Gardeners' World presenter & award-winning garden designer, says: *"APL Avenue Show Gardens at BBC Gardeners' World Live have a real achievable feel and will provide great take-home ideas and lots of inspiration. I can't wait to see them in the flesh."*

Organisers are thrilled to be working with Marshalls who are supporting the APL Avenue Show Garden Competition with products from their domestic range. In addition, Veolia will be donating Pro-Grow products to each of the participants.

And here is the design that won Pro Gardens, with designer Jamie Langlands, their place at BBC Gardeners' World Live this year.

Pro Gardens 'CLIC Sargent' Garden

A fantastical back garden created for a young family - to inspire imagination, adventures and memories with their children. The predominant feature is the magical folly aimed at capturing the childhood memories of adults whilst creating new ones for children. A small enclosed patio and seating area is well hidden behind a curved Carpinus hedge - the perfect place for a quiet moment of reflection or a relaxing drink. An old path lined with fragrant lavender meanders towards the folly, passing colourful herbaceous planting and characterful trees.

Please join us in congratulating your Oxfordshire landscaper, Pro Gardens. Come along to support them and see the fabulous garden at BBC Gardeners' World Live, NEC Birmingham, 15-18 June. For more information and to book tickets visit www.bbcgardenersworldlive.com
